Enclosed is a copy of the petition for new road name/ road name change generally accepted by the County Commission.

1. Please collect at least 70 percent approval from all of the landowners abutting said road, as well as all properties accessing from this road.
2. Please include a check for one hundred dollars made to the Jefferson County Treasurer to cover all processing, notification and sign fees.
3. If you are planning to rename only a portion of a road, or name a previously unnamed road, please include a description of the portion you wish to name.

It is County policy to reject family surnames; we do this to discourage multiple name changes as families move in the area. Please also be aware that you may not be able to have your first choice in road names if it is a duplicate of a previously existing road in your postal zone or fire district.

If you have any questions, or would like some help in selecting an appropriate road name or describing the portion to be changed, please feel free to contact our office at (205) 325-5174 or 325-5135.
