### Success Story

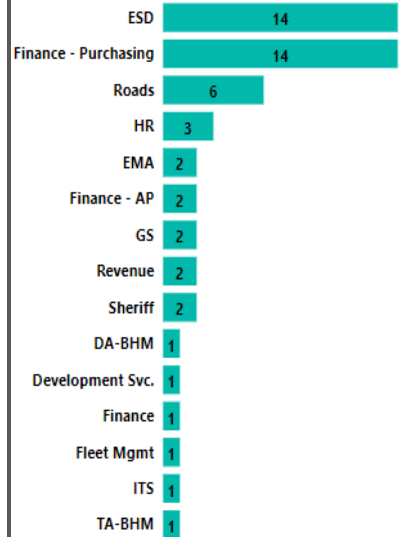

"Power BI has made publishing accurate county death statistics to the public effortless for the Coroner/Medical Examiner's Office. The well designed dashboard published on our website allow the public and our partners in the media, law enforcement, public health, researchers, local city governments, and others visualize and analyze aggregate data in an interactive manner. We have received many positive comments from the public and partners, thanking us for allowing our work product to be open to search in an easy and efficient way. We are so pleased with our BI Report." **Bill Yates, Chief Deputy Coroner.**
