**Success Story**

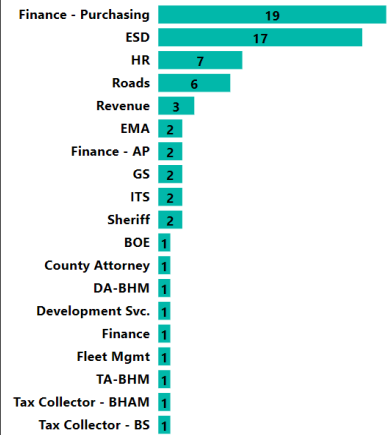

“ITS Power BI Team came to the rescue of Right of Way (ROW) Division to replace Deed Linking legacy program which was tailored to right of way research. The Power BI Team went to work to create a Dashboard that houses not only a lookup system, but even has our documents link integrated, which was much more than we expected. We are very thankful to the Power BI Team and their hard work to help us save years of important data needed daily by our Roads & Transportation staff.” *Kelly Watson, County Property Manager, Roads & Trans*
